Superintendent's Highlights

The 1997-1998 year has been a very productive year at North Gem. We have adopted a new and effective discipline policy for grades 7-12. We have added many new books to our Accelerated Reader Program thanks to the generous grant from the J. A. and Kathryn Albertson Foundation. Our Distance Learning has continued to be successful as well as our Learn and Serve program. This spring we conducted an archaeological dig on an Oregon Trail Spring and found many interesting artifacts. During the year there were many successful community forums to input local educational desires into the school setting. Our Scholastic Team took first place at state and did well in Washington D.C. The Volleyball Team was the A-4 Academic State Champion with their high GPA average.

Progress Towards Meeting District Goals

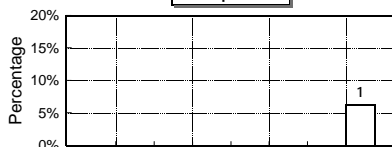

1997-98 Goals	Progress
The district will increase the Technology Access	Our ratio of computers/child is now 1/3 and we are continuing to train teachers in the delivery of technology to the classroom
The district will move toward a program to increase reading and spelling skills.	The Elementary School classrooms are all using Accelerated Reading as a reading tool and grades K-4 have all adopted and are using phonics as a primary source of spelling education.
The district will endorse and embrace that Project of Change through Management.	The community including staff and students have had multiple forums to input into the school their desire and wishes for education and personal goals for North Gem Students.
